

Tip 47 - Encourage Learning.

As part of The Fathering Projects involvement with your school, I will be including helpful tips and ideas for all fathers and father – figures. I hope these tips will help, inspire and encourage all fathers and father – figures to be the best that they can be, as all fathers and father – figures are critically important in every child's life.

More involved fathers and father – figures = better outcomes for children.

Do your children suffer from Sunday night blues, at the thought of going back to school, after a fun weekend?

Try these tips to ease the stress and maintain a positive attitude to school in your family.

- Showing you place a high value on education requires only simple words and actions; tell your kids what you think about education.
- Make sure you're on time for school.
- Thank teachers for all of their hard work, in front of your kids.
- Discuss and agree on a homework routine for the term.
- Set up a place for them to study and be willing to help them when they are struggling.
- Help them find balance. Have a conversation about screen time, what the rules might be for this term - and why they're important.
